

North Carolina

Corynorhinus rafinesquii

DRAFT Species Distribution

Updated: 1 September 2008

Species occurrence records from heritage databases have been mapped within three categories as described below. We would like to discuss changes to this structure and the accuracy of these distributions during our workshop in September and provide this draft in advance of the workshop so you can be better prepared for the discussions.

- 1) Pre-1995: distribution records obtained for the county prior to 1995
- 2) Post-1995: distribution data obtained for the county in 1995 and after
- 3) Counties that have distribution records for both time periods

Pre-1995 County Records

Alexander
Beaufort
Brunswick
Buncombe
Cherokee
Chowan
Columbus
Craven
Dare
Edgecombe
Hertford
Hoke
Madison
Nash
