Corynorhinus rafinesquii

DRAFT Species Distribution

Updated: *1 September 2008*

Species occurrence records from heritage databases have been mapped within three categories as described below. We would like to discuss changes to this structure and the accuracy of these distributions during our workshop in September and provide this draft in advance of the workshop so you can be better prepared for the discussions.

- 1) Pre-1995: distribution records obtained for the county prior to 1995
- 2) Post-1995: distribution data obtained for the county in 1995 and after
- 3) Counties that have distribution records for both time periods

Pre-1995 County Records

Adams H

Post 1995 County Records

** no records provided

Counties with pre and post 1995 records

** no records provided

Ohio

Corynorhinus rafinesquii

DRAFT : *Corynorhinus rafinesquii* distribution
NOT FOR DISTRIBUTION
updated: 1 September 2008
Bat Conservation International and Southeastern Bat Diversity Network
